We call the attention of our readers to an error which occurs on the fourth page of this issue. It will be seen that the heading of a series of articles, entitled "Manufacturers of Wilmington, N. C.," is omitted.

HEAVY SHIPMENTS OF GUANO.—We learn that the Navassa Guano Company, of this city, yesterday shipped 1473 tons of this fertilizer, the value of which may be stated at over \$70,000. And we are pleased to learn that their orders now range from 20 to 125 tons per day.

WE ARE TRULY GLAD TO PERIOD THE SUCCESS OF THE energetic campaign comprising the Company and feel justified in believing that this season is due to their enterprise in getting up and circulating judiciously, the edition of 10,000 almanacs, printed for them at this office. Last Fall in this way making known the great value of their fertilizer.

THE CASE AT LILLYVILLE.—A Lillyville correspondent of the "Walesboro" gives a very amusing and interesting account of the laying of the track into that village on Saturday last. The lands at work were promised an extra ration of whiskey to complete the track in time for that day's train. It was accomplished a few minutes before the train arrived and upon the track.

SAYS THE CORRESPONDENT.—And, certainly, it was their way—those the correct names in North Carolina—with their train; the one his general face glow with pleasure and as proud as any of us getting home. It is a strange story, but we will remember his gifted father, and whose heart is so cold as not to thrill at the mention of the name as the "Lillyville" is called to mind? And we are glad that a "Hole" in the dirt team to our village.

MEMBERS OF THE BOARD OF EDUCATION.—The County Commissioners, acting as a Board of Education of this county, met at the County Commissioners' office, on Friday, March 29, 1912, for the purpose of considering the report of the Board of Education for the year 1911-12.

ORDERED THAT the four schools established under the law of April 12, 1909, for the four months of the Winter of 1911 and '12 be discontinued, for want of funds for their support, and that the Clerk of this Board notify the different School Committees of the county of this order.

IT WAS ORDERED THAT the four schools have taught schools from March 1 to the 23rd instant, inclusive, be paid the amount due from the county for the same, and that the Treasurer of the county, and the Chairman of this Board is authorized to draw upon the County Treasurer for the amount due said teachers when drafts are made, approved and signed by the School Committee.

UPON the adjournment of the Board of Education, the County Commissioners met and considered the tax bill, but without definite action, adjourned until Friday evening next, when it will be adopted.

INK SPOOTS.—If a dinner could speak what would it say—give me some of your jaw. A Missourian husband obtained a divorce because his wife insisted on making the baby Fanny.

Many a girl thinks she can do nothing wrong as a husband, and when she gets a divorce she can do nothing with him. A Boston paper talks for a "hair-puller."

Under this caption the New York Express comments on the "campaign" now making in Connecticut by Senator Wilson against what he calls 1,000,000 rebel voters. Mr. Wilson's case is worse than that of the Pharisees and hypocrites denounced in Scripture. They told no lies, standers to absent people, invented no fiction, but were mainly pretenders, hypocrites, and liars.

THE large-lunged Spanish face is to be used this season for bridal veils. "The word 'impossible' is the mother-tongue of little souls," said Lord Brougham.

Apparatus and green pens have made their appearance in the markets of Savannah. A ship may be said to resemble a scapula when it is on the "breast of a heavy sea."

According to the papers over one hundred men are now studying law in this country. A returned traveler talks about eating monkey-outlets and parrots in North America.

There is a glut at Hartford, Conn., who drinks nearly seven gallons of lager beer daily. A witty French writer says that a kiss is at once the cheapest and dearest thing in the world.

REVIEW.

WILMINGTON MARKETS, FOR THE WEEK ENDING THURSDAY, MARCH 28-1912.

GRAIN.—CORN.—Owing to the extremely large receipts and limited demand from the trade, the market, though it has been marked with much activity, has not been able to hold and declining price, and is fully 1/2 cents lower than for cargo sales of previous week.

WHEAT.—The stock of wheat is very large for all present wants. There has been some treatment in the declining tendency noted in last week's review, and the market has gradually advanced to the low feeling, and we report a decline over last week of 25 cents.

RYE.—The market for rye is very quiet, and there has been no change in price. The stock is very large, and the market is very quiet.
